

ODP-0-6751  
24 October 1980

TO: The Special Assistant to the DCI  
for Compartmentation

25X1 FROM:   
4C Project Leader  
Office of Data Processing

SUBJECT: 4C Fiscal Year 1981 Budget

The Community-Wide Computer-Assisted Compartmentation Control System (4C) budget for Fiscal Year 1981 has been examined, and minor adjustments in the allocation of available funds to different areas of development have been made based on the completion of requirements analysis and initial system design. The following represent the allocations to major areas for development, and are broken down further in attachments for each area:

25X1 Further minor adjustments are expected during the year as procurements and detailed design and implementation allow for refinement of what are in some cases projections of costs. However, there is no reason to believe that 4C will require any additional FY81 funding.
